Release Notes for Xiegu X6200 firmware as of 2024-05-30

July 25th, 2024

1 Release notes

This is the initial release tat is written to all radios when leaving the production line. In case a future update fails, the origina firmware could become handy as backup.

> **Note:** *Never update your radio if it is not really necessary, or in other words:* **'Don't fix it if it's not broken'***! This cannot be emphasized often enough. To update the Xiegu X6200, only use the firmware that you can find on our support pages. Before carrying out an update, make sure that the firmware is still available for download on our support page. All firmware updates for the Xiegu X6200 are supplied with 'Release Notes'.*
>
> **Please carefully read the 'Release Notes' and
> all documents contained in the firmware archives!**
